Velvet (Van Rivers & The Subliminal Kid Remix)

The Big Pink

Seen it in my head, burning my heart
Seen it in my past, back in my home
Doesn't make sense, see her again
I don't, know
I felt it for some time, ever not at all
Poison in my head, gun love hurts
I'm not looking for love, but it's hard to resist
I don't recall, me and mistakesShe's the only one, that's the best I've had
I found her in a dream, looking for me
This heart's on fire, I'll bring myself
Up to the force, down againThese arms are mine
Don't matter who they hold
So should i maybe, Just leave love alone
You call out my name, for the love you need
Which you won't find in meThese arms are mine
Don't matter who they hold
You're made for me, and I'll leave love alone
you call out my name for the love you need
Which you won't find in meSeen it in my head, burning my heart
I found her in a dream, looking for me
Doesn't make sense, see her again
I don't, knowI can see the end, of what I've become
A tale of a love, come and gone
But now my love, no promises
I won't go, falling in love
