Love Life

Chicks On Speed

No reference, no consequence
I think of you, I think of you
No commitment, nonexistent
Lovely you, I think of youLiving the high life, as the girlfriend of a star
A circle of friends, who were girlfriends of stars
Shes in no good mood, he orders the car
She tells the driver to drive really far
Are you happy now? Are you happy now?No reference, no consequence
I think of you, I think of you
No commitment, nonexistent
Lovely you, I think of youA stylist takes a cab, uptown Bergdorf Goodmans
She takes back the belts, she used for a test shoot
On her credit card
Living in a box outside it's fancy free
Lying that she lost her job, while hunting the boutiques
Are you happy now? Are you happy now?No reference, no consequence
I think of you, I think of you
No commitment, nonexistent
Lovely you, I think of youAt the end there is a house by the sea
Like a perfect end of a movie
From in here there and acutes
Just these gray walls around youNo reference no consequence
I think of you, I think of you
No commitment, nonexistent
Lovely you, I think of you
