Society

Melpo Mene

It's a mystery to me We have a greed with which we have agreed You think you have to want more than you need Until you have it all you won't be freeSociety, you're a crazy breed I hope you're not lonely without meWhen you want more than you have You think you need And when you think more than you want Your thoughts begin to bleedI think I need to find a bigger place 'Cause when you have more than you think You need more spaceSociety, you're a crazy breed I hope you're not lonely without me Society, crazy indeed I hope you're not lonely without meThere's those thinking more or less, less is more But if less is more how you're keeping score? Means for every point you make your level drops Kinda like it's starting from the top, you can't do thatSociety, you're a crazy breed I hope you're not lonely without me Society, crazy indeed

Society, crazy indeed
I hope you're not lonely without meSociety, have mercy on me
I hope you're not angry if I disagree
Society, crazy indeed
I hope you're not lonely without me
