

Henry Cartright's Prayer & Produce Stand

[Derik Schumacher](#)

He's got an I Love Jesus fish stuck on his bumper
With a rebel flag rippin like a razor in the wind
A sign sellin watermellons and cucumbers
Common advice you might need now and then

Yea, He parks here off the pavement just slightly in the ditch
Hes got a 2-toned tattered lawn chair where he smokes his pipe and sits
And when the sun goes down the price goes down and everybody knows
There aint one second that'll tick past 7 that he aint headed home
But you can come back early in the mornin
Get what you need fresh from the garden
A little less ripe but thats how ye like it
And if you aint tried it you better not knock it
If you didnt go to church the Sunday before
You can hear all about it and a little bit more
Bout what it takes to make a man a man
Down at Henry Cartright's backhome homegrown prayer and produce stand

His daddy passed down the ground to raise it
The know how and the plow we use to make it
When you sink your teeth in
Its a sin to taste it
And if you had to stand in line its worth the waitin

Yea, He parks here off the pavement just slightly in the ditch
Hes got a 2-toned tattered lawn chair where he smokes his pipe and sits
And when the sun goes down the price goes down and everybody knows
There aint one second that'll tick past 7 that he aint headed home
But you can come back early in the mornin
Get what you need fresh from the garden
A little less ripe but thats how ye like it
And if you aint tried it you better not knock
If you didnt go to church the Sunday before
You can hear all about it and a little bit more
Bout what it takes to make a man a man
Down at Henry Cartrights's backhome homegrown prayer and produce stand

Oooooooooooooo.....

You can come back early in the mornin
Get what you need fresh from the garden

A little less ripe but thats how ye like it
And if you aint tried it you better not knock it
If you didnt go to church the Sunday before
You can hear all about it and a little bit more
Bout what it takes to make a man a man
Down at Henry Cartright's backhome homegrown prayer and produce stand

(In background)
Hes got potatoes
Fine riped tomatoes
Big yellow squash
And O my gosh
If you ned revival
He'll read the Bible
Man your liable to find the Lord

Hes got an I Love Jesus fish stuck on his bumper
With a rebel flag rippin like a razor in the wind
