

Built For Blame

Get Scared

Eyes can only see what they want,
When their open minded to the thought,
Of getting hurt again beating to the bone,
With the thought of all your worst events.
Is that you just look don't touch.
Oh you think you know.
It's exactly what you want for love, love.
Your heart without a key is just a lock to bleed.
This wreck you've made, it's all you'll need. This is what it takes to breathe.
(We're getting up again.)
This is what it takes to fake a smile and say,
That everything's okay,
As long as I take blame. Picture perfect down the drain again and again.
I'm really tired of these
Stupid little people knocking you to the ground.
You would've never found,
The mess you made.
I hope it's worth all of the shame. This is what it takes to breathe.
(We're getting up again.)
This is what it takes to fake a smile and say,
That everything's okay,
As long as I take blame. We sit inside our heads,
'Cause this is such a curse!
We sit inside our heads,
'Cause nothing ever worked!
Nothing ever works. 'Cause what if this doesn't work?!
We sit inside our heads!
This is such a curse!
And it never ever worked! This is what it takes to breathe.
This is what it takes to fake a smile and say,
That everything's okay,
As long as I take blame. This is what it takes to breathe.
(We're getting up again.)
This is what it takes to fake a smile and say,
That everything's okay,
As long as I take blame. Guess I'm the one to blame.
