

# Love Changes [Everything]

Climie Fisher

I was only seventeen when she looked at me that way  
Seems like yesterday  
I was only foolin' 'round but she stole my heart away  
I've never been the same  
I felt the strangest feeling, like a raging fire it burned  
She left, I cried for weeks and,  
I can't forget her or the lesson that I learned Love changes, changes everything  
Love makes you fly. It can break your wings  
Love changes, changes everything  
Love makes the rules from fools to kings  
Love changes, love changes everything Then the years went rollin' by  
I grew up and moved away  
Had to earn my pay  
Found another lover then  
But my heart is sad to say  
It only ended up the same way  
And I wondered was I destined to spend my life alone  
Oh girl you answered my question  
This time it's working, you've given me new hope Love changes, changes everything  
Love makes you fly. It can break your wings  
Love changes, changes everything  
Love makes the rules from fools to kings  
Love changes, love changes everything  
I've seen the way love shakes ya, makes ya, breaks ya  
It's got a power of its own Love changes, changes everything  
Love makes you fly it can break your wings  
Love changes, changes everything  
Love makes the rules from fools to kings  
Love changes, love changes everything
