In the Clouds

[Johnny Rain](#)

Staring at the old me, i must be dreamin'
Faded off the OD, and what i'm drinkin'
Girl what are we smokin'?
I'm way too fucking gone, save me
Could I really be floatin'?
Well don't leave me alone baby
(Love me now)
Until I tell you not to do it
(Gun me down)
Until I tell you not to shoot it, I'm numb
And so we go...Higher, higher, higher, high
Higher, higher, higher, high
Higher, higher, higher, high
Higher, higher, higher, highDance around that pole for me
Throw all your clothes on the ground
Make a lot of noise for me
Take another shot right now, right now,
Right now, right now, right now
You want it? lie down, lie down,
Lie down, lie down, lie down
Ooh you like it babe, you like it baby
(Love me now)
Until I tell you not to do it
(Gun me down)
Until I tell you not to shoot it,
Ohh ohh oh ohhhhHigher, higher, higher, high
Higher, higher, higher, high
Higher, higher, higher, high
Higher, higher, higher, highIt's amazing right? how it feels so good,
ha... drums!You seem to be hypnotized,
I can see it in your eyes,
You don't even realize,
We can drift into the sky(And then we go)
Higher, higher, higher, high
(Can we get)
Higher, higher, higher, high
Higher, higher, higher, high
Higher, higher, higher, high
[2x]
