

# Circle of Fear

## Him

Heartache is knocking on her door  
Shadows dance outside her window  
Tears keep falling on the floor  
As the world around her crumbles If you want to save her  
First you have to save yourself  
If you want to free her from the hurt  
Don't do it with your pain  
If you want to see her smile again  
Don't show her you're afraid  
Because your circle of fear is the same Love can be as cold as grave  
A one-way ticket to endless sorrow  
An empire of gentle hate  
Today without tomorrow It's the circle of regret  
The circle of hate  
The circle of death  
Your circle of fear is the same
