

# Day is Done (Nick Drake)

[Norah Jones](#)

When the day is done  
Down to earth then sinks the sun  
Along with everything that was lost and won  
When the day is done When the day is done  
Hope so much your race will be all run  
Then you find you jumped the gun  
Have to go back where you began  
When the day is done When the night is cold  
Some get by but some get old  
Just to show life's not made of gold  
When the night is cold. When the bird has flown
