

I'm the Message

Karl Bartos

Look at me: I'm the message
In sound and vision, here and now.
Listen to me: I'm the message
In sound and vision here and now. Look at me: I'm the message
In sound and vision, here and now.
Listen to me: I'm the message
In sound and vision here and now. In sound and vision
In sound and vision Schau mich an: ich bin die botschaft
In bild und ton, hier und jetzt.
Hoer mir zu: ich bin die botschaft In bild und ton, hier und jetzt. Look at me: I'm the message
In sound and vision, here and now.
Listen to me: I'm the message
In sound and vision here and now. In sound and vision
In sound and vision In sound and vision
In sound and vision In bild und ton
In bild und ton In sound and vision
In sound and vision In sound and vision
In sound and vision
