

Boss

Tinashe

I know that you miss me baby
I can make you weak
And if you dive in like ya did
You'd never see the end of the sea
I know that you like it daddy
You're the boss of me I know that you
Hate it when you see me with those other niggas easy
Hate it when you see me shitting on your wanna-be me
Hate it when you see me rollin' up in my new whip
Wont you tell me babe now who's the boss of this?
Thought that you'd forget about me Fuck you think I am?
Fuck you think I am, I am, I am
Fuck you think I am, I am, I am
You gon' spend forever sitting
Thinkin' 'bout me wishing you were still my man
I know that you like it daddy
When I ask you please I know that you
Hate it when you see me with those other niggas easy
Hate it when you see me shitting on your wanna-be me
Hate it when you see me rollin' up in my new whip
Wont you tell me babe now who's the boss of this?
