Tomorrow's World

Killing Joke

Picture sent back live
Picture, thank God don't age
Letter on your doorstepCalled up for your country
Never, no, I won't go, no, horror
Don't let me go on, mommy
They'll take his pain awayCarry us, face the music
Called up for your country
Never no I won't go
No, take aim and firePicture, sent back live
Picture, thank God don't age
Letter on your doorstepCalled up, serve your country
Never, no, I won't go
(Over)
