Double Crosser

Dethcentrik

You shall not breathe again...I want you dead!
I want you dead!
I want to drain the inside of your head!I will eat your flesh...
As I skin you, eat it fresh!I would kill your children, and rape your wife!
But they aren't really an important part of your life!You're a double crossing little prick,
Knowing you breathe makes me sick...I want to bathe in your pulp,
soak in your blood!
I would masturbate with your intestines,
If I could!You should die, you know you should!I will hang your skull in my room,
beat it everyday, with a broom!It will dangle from two strings,
Hooked in your upper eye socket rings!For warmth, I'll burn all your fat,
and I'll feed pieces of your brain to stray cats!I want to kill you,
Not just for fun!
I will be avenging for everyone!I will dangle you muscle between my teeth,
I love to taste bastard meat!
I might keep a few bones, just to beat!I love hating you...
The rest of the world hates you too!
