

# The Funky Bassman

## Gang of Thieves

Heâ€™s a dreadlock rocker, A mojo papa  
A funky mother fucker blowing slugs at the coppers  
A foe show stopper, a raw bass dropper  
Make your body rumble and you feel it get hotter

It doesnâ€™t have to be another night all alone  
The messenger of love is right in your home  
Move your body closer to me baby  
And let it go

Heâ€™s the funky Bass Man  
And all he needs (all he needs, yeah)  
All he needs is just another bass jam  
To set ya free, set ya free

A Peruvian lion the girls are always eyinâ€™  
And when they get him all alone the dresses start flyinâ€™  
Funk equation is his vibration  
Pull yourself together and start the migration

It doesnâ€™t have to be another night all alone  
The messenger of love is right in your home  
Move your body closer to me baby  
And let it go

Heâ€™s the funky Bass Man  
And all he needs (all he needs, yeah)  
All he needs is just another bass jam  
To set ya free, set ya free
