Wisdom, Justice And Love

Linkin Park

I come to this magnificent house of worship tonight
Because my conscience leaves me no other choiceA true revolution of values will lay hands on the world order and say of war
This way of settling differences is not justThis business of burning human beings with napalm
Of filling our nation's homes with orphans and widows
Of injecting poisonous drugs of hate into veins of people normally humane
Of sending men home from dark and bloody battlefieldsPhysically handicapped and psychologically deranged
Cannot be reconciled with wisdom, justice and love
