Door To Door

Blacklist Royals

Find me out awalkin' time
the whistle starts acallin'
maybe stoppin' early knockin'
at your door.
Take so long to answer Lord
knows it ain't the milkman
would be stoppin' early sellin'
door to door.This off'll get the stain out
if you use it loosely wadded.
Zhis here'll take the pain out
and won't mess your hair.
Place your order early 'cause
you know I'm in a hurry
your neighbar's in her door-way
won't you sign right here.
