

Monster in Me (feat. culineR)

Orgy

(Monster.. Monster)Surrounded by an army
They love you on the floor
(Maybe they love you... They really love you)
And the blood, sweat and tears
Makes 'em wanting more
(They want you more... They want you more)
Do what you touch
So you want it
You're ready, willing and able
(Ready, willing and able)
Little girl, don't be so rude
The way you flaunt that attitude
I don't need that bullshit tonight
I'm trying to get you in the moodIt's not your fault
That the bitch in you
Is your enemy
She's just afraid of the monster in you
The monster in me
The monster in me!Ohh
How high can we get
So young and dumb
We forget
So innocent
Til we find out
The monster in you
Is the monster in me!A little bit of torture
A little bit of pain
Na-na-na-na-na-na
Na-na-na-na In painDead and buried
Must be so scary
To be so underground
(I'll take you out, I'll take you out)
Save face with the basic crowd
They want you
Fight your way out
(As you won't make it down)
Down and out on the Sunset Strip
(Down and out on the Sunset Strip)
Hard as black as your fingertips

(Hard as black as your fingertips)
Don't look now, but you've lost your grip
I'm watching you now
I'm watching you now It's not your fault
That the bitch in you
Is your enemy
She's just afraid of the monster in you
The monster in me
The monster in me! Ohh
How high can we get
So young and dumb
We forget
So innocent
Til we find out
The monster in you
Is the monster in me! Ohh
How high can we get
So young and dumb
We forget
So innocent
Til we find out
The monster in you
Is the monster in me! (The monster in you is the monster in me) Ahhh
I don't know another way
To lock you up and throw away
The key is to the kingdom
And the locks of hate unite it babe
In the middle of the night
Theyyyy wanna see
I'm just a monster
Coming for you
So go ahead in your dreams
Think you
If I look over your shoulder
Just 'cause it's gonna be me
Just a cold-blooded killer
You'll never kill the monster in me Monster
Monster
Monster! Ohh
How high can we get
So young and dumb
We forget
So innocent
Til we find out
The monster in you

Is the monster in me!
Ohh
How high
Ohh
How high
Ohh
How high can we get
Ohh
How high
Ohh
How high
Ohh
How high can we get
When the monster in you is the monster in meOhh
How high can we get
So young and dumb
We forget
So innocent
Til we find out
The monster in you
Is the monster in me!She's just afraid of the monster in me!
He's just afraid of the monster in me!
