

# Falling

## Secrets In Stereo

I'm falling fast...  
I can't stop myself,  
There's no one else.

I'm falling...  
I'm falling...  
There it is,  
I said it.

And every word is true.  
I'm scared but I don't regret it, no.  
All I want is you.  
What am I supposed to do?

I'm falling...  
I'm falling fast...  
I can't stop myself,  
there's no one else.

I'm falling...  
I'm falling...  
I don't want to be the first to say it.  
I don't want to be the last to know.

You were there,  
You were just afraid of letting go, letting go.  
If this is real, I don't want to fake it.  
I don't wanna hide anymore.  
We don't have to be afraid of letting go.

I need to know..  
You're falling...  
I can't stop myself,  
There's no one else.

I'm falling...  
I'm falling...  
I don't want to be the first to say it.  
I don't want to be the last to know.

You were there,  
You were just afraid of letting go, letting go.  
If this is real, I don't want to fake it.  
I don't wanna hide anymore.

We don't have to be afraid of letting go.  
Just let go...  
Just let go...
