Cataract

Dirty Ghosts

Look up ahead, I got a signal
Wait for emotion (???) from under the table
You're like a cataract covering my eyes from far awayYou're acting civil / Don't you remember???? ...from here to December
You're like a cataract covering my eyes from far away??? ...for a formation to appear
It's in my face / No time ...?
Your favorite face 'till there's nothing in the picture
Just a shape I can't shake
You're like a cataract covering my eyes from far away??? hazy / Dots in my vision
Head in the window from clouded decisions
'Cause something's turning all my colors into greyI'm on the pavement / You're at the station ...?
There's something covering my eyes from far away??? ...for a formation to appear
It's in my face / No time ...?
Your favorite face 'till there's nothing in the picture
Just a shape I can't shake
You're like a cataract covering my eyes from far away
Your favorite face 'till there's nothing in the picture
Just a shape I can't shake
You're like a cataract covering my eyes from far away??? ...for a formation to appear
It's in my face / No time ...?
Your favorite face 'till there's nothing in the picture
Just a shape I can't shake
You're like a cataract covering my eyes from far away??? ...for a formation to appear
It's in my face / No time the day
Your favorite face 'till there's nothing in the picture
Even with me with double vision
In a way, you're like a cataract covering my eyes from far away
