

# A Day Away

## Seventh Wonder

Great fun!  
Climb up way higher than the sun!  
The ripe ones so far out but  
If you fall... I will call you a loser  
On drop of blood brother  
I'll mix with yours! Poor child! Clean yourself  
Hurry off to your room, now go  
The wrong I've done  
I guess I'll never know! A day away from the playground  
Far from every dream  
This ain't the life of a hero...  
Wrong or right, in the air tonight  
Come daylight! We'll sneak out...  
Careful don't wake my mother up  
I'll be back before daybreak cause  
"Desperate times  
Call for desperate measures!"  
Exciting adventures now lies ahead Let's go! Inside I hear the warnings  
Please don't let me down  
It's so dangerous on the darker side of town So stay away from the playground  
Far from broken dreams  
Behind the blinds in that window  
I am right! Now turn off the light and  
Sleep! Goodnight! I've been dreaming forever and ever  
Take my hand let's go another...  
Place where we can lose ourselves in games  
And we don't have to be... One day away from the playground  
Far from every dream  
This ain't the life of a hero  
Wrong or right, in the air tonight  
Come daylight!
