

Better Day

Saving Jane

I have been asleep so long now
All locked up without a key
I have tapped my feet impatient
For a change to come to me I've been hanging my hair
Outside of this tower waiting for a savior
When all along I had the power
To save myself and I can tell It's gonna be a better day
I think I'm gonna be okay
I got a little air to breathe
It's alright with me I got a little light to shine
You can't take what's mine
I've been down so low
Nowhere but up to go
So go ahead, bring all the rain
It's gonna be a better day Every princess has a castle
Some kind of honor to defend
I would rather fight my battles, yeah
Than hide behind a thousand men And I've been hanging my hair
Outside of this tower waiting for a savior
When all along I had the power
To save myself and I can tell It's gonna be a better day
I think I'm gonna be okay
I got a little air to breathe
It's alright with me I got a little light to shine
You can't take what's mine
I've been down so low
Nowhere but up to go
So go ahead, bring all the rain
It's gonna be a better day I gotta make my own luck
I gotta find my own way
I gotta see that there is much to life
Than just existence
I wanna be living, it's gonna be a better day It's gonna be a better day
I think I'm gonna be okay
I got a little air to breathe
It's alright with me I got a little light to shine
You can't take what's mine
I've been down so low
Nowhere but up to go So go ahead, bring all the rain

Oh, go ahead, bring all the rain
It's gonna be a better day I think I'm gonna be okay
I got a little air to breathe
It's gonna be a better day
For you and me I got a little light to shine
They can't take what's mine
It's gonna be a better day
For you and me I think I'm gonna be okay
I got a little air to breathe
It's gonna be a better day
For you and me I got a little light to shine
They can't take what's mine
It's gonna be a better day
For you and me
