

# Look Close

## Clare Burson

look close  
see what you can see  
the turn of a smile  
on her face  
the shadows that fall  
from her hair  
that she wears  
like a crown  
my my you have her beautiful eyes  
can you see them?  
my my you have her beautiful eyes  
can you see them?  
look close  
there's the thing you dream of  
written in silver  
and ash  
see how it hides  
in the shape  
of her chin  
in the smooth  
of her skin  
my my you have her beautiful eyes  
can you see them?  
my my you have her beautiful eyes  
can you see them?  
i can see them  
i can
