Auburn Queen

Haystacks Balboa

Auburn Queen.

Sweet Auburn Queen
thy perfectly seen
And I`m lost in your arms again
Your sweet charms again
Auburn Queen

Fair Auburn Queen
Thy breast so real
For a while it so much again
Your sweet touch again
Auburn Queen

And for one more
moment all the queen

Sweet Auburn Queen
The love we`ve seen
all a dream
So we`re to meet
again
Must awake my friend
Auburn Queen
So long, gotta go now!

Interlude.

Crown me the devil little girl so sweet
You can burn
your cool white body
If you taste my heat
Faster,with more strength
Harder torn away
Fuck me, slash away
I have just begun to prey ha ha!

Find me a princess
Fight her like a slave.

Rip her legs and burn her body
Let us in the cave
Faster with more strength
harder are you afraid?
Fuck me slash away
I`ve just begun to prey

Shudder!!!

I vow the devil lives
Hidden to my call
Man have tried to bring me down
But it bloody falls haa haa!

Harder on you babe
Fuck me slash away
I have just begun to prey ha ha!
Auburn Queen
