

# Long Gone

Chris Cornell

Baby, I used to watch your flowers grow  
Now it's raining and all your petals turns to stone  
I've been praying, I turn around and see my rose  
But you faded, you left, me now it's time to go You're like a diamond and I'm like glass  
Like oil and water we always clash  
Sometimes my confessions are hard for me  
I'll tell you now I'm setting you free That's why I'm long gone, long gone  
You need to let me fly alone  
That's why I'm long gone, long gone  
You need to let me fly alone That's why I'm long gone, long gone  
You need to let me fly alone  
That's why I'm long gone, long gone  
It may be to late our time is done Baby, I think you've got your timing wrong  
Hating, exploring this while we're riding on  
And it's crazy to think that I could be reborn  
If you saved me now it's too late and you'll never know You're like a diamond and I'm like glass  
Like oil and water we always clash  
Sometimes my confessions are hard for me  
I'll tell you now I'm setting you free That's why I'm long gone, long gone  
You need to let me fly alone  
That's why I'm long gone, long gone  
You need to let me fly alone That's why I'm long gone, long gone  
You need to let me fly alone  
That's why I'm long gone, long gone  
It may be to late our time is done With broken wings  
(with broken wings)  
I can't fly  
(I can't fly)  
I'm gonna need you to save me, angel of mine With broken wings  
(with broken wings)  
I can't fly  
(I can't fly)  
I'm gonna need you to save me, angel of mine That's why I'm long gone, long gone  
You need to let me fly alone  
That's why I'm long gone, long gone  
You need to let me fly alone That's why I'm long gone, long gone  
You need to let me fly alone  
That's why I'm long gone, long gone  
It may be to late our time is done You're like a diamond and I'm like glass

Like oil and water we always clash  
Sometimes my confessions are hard for me  
I'll tell you now I'm setting you free
