

Speak Soft

As It Is

Advisory - the following lyrics contain explicit language:

Why should I stick around when all I do is let you down?

Can I ask you a question?

When you see my reflection

Do you see good intentions?

Where I see no progression Speak soft, speak soft

You ~~fuck~~™ I'll forgive me

Tell me lies tell me that I deserve it

Speak soft, speak soft

Say I blew this

That every promise that I break is worth it

(That every promise that I break is worth it) Why should I stick around when all I do is let you down?

I ~~fuck~~™m bad news you can ~~fuck~~™t deceive me

I ~~fuck~~™d never choose to be me Can I give you an answer?

The beauty and the cancer

You ~~fuck~~™re a? Shining, self-relying

And I ~~fuck~~™m a fucking born disaster Speak soft, speak soft

All your patience

???

Speak soft, speak soft

Your frustration

I ~~fuck~~™ I'll equate to your expectations Why should I stick around when all I do is let you down?

I ~~fuck~~™m bad news you can ~~fuck~~™t deceive me

I ~~fuck~~™d never choose to be me Seems all I know is what I ~~fuck~~™m not

Speak soft, speak soft

I can ~~fuck~~™t seem to find the words

To remedy how bad this hurts

Seems all I know is what I ~~fuck~~™m not

Speak soft, speak soft

When you ~~fuck~~™re staring down a loaded gun

You know you won ~~fuck~~™t fall back on love I can ~~fuck~~™t seem to find the words

To remedy how bad this hurts

When you ~~fuck~~™re staring down a loaded gun

You know you won't fall back on love

You know you won't fall back on love

You know you won't fall back on love
Speak soft, speak soft
Why should I stick around when all I do is let
you down?

I'm bad news you can't deceive me

I'd never choose to be me
