

Sink or Swim

The Waifs

Sink or swim, sink or swim
What's it going to be when you dive on in
Dive on in, dive on in
What's it going to be when you dive on in Everybody knows what I'm talking about
Everybody knows what they're hiding from
Hiding from, hiding from
Everybody knows what they're hiding from Water's fine from the edge
But how you gonna know if you don't get wet?
Don't get wet, don't get wet
How you gonna know if you don't get wet?
