

See Me Now

Tommy Shaw

Oh, babe, I'm on top of the world
And I can't look down
I can't look down You're still out there
I can almost hear you call
Look out, girl - 'cause I'm ready to fall The mountains we've climbed
The bridges we've crossed
In the book of my dreams
They'll never be lost Come on, darling, commit yourself
Open up your heart and let yourself go If you could only see me now
You'd see me different than before
Somehow I've got to make you see
There's a place for you here with me Whatever happened to my good-time friends?
Free as a bird, as wild as the wind
Everybody laughed and tried their best to put us down
But I'm still here, and they're no longer around They've settled down now - they're so civilized
If you saw them today you'd hardly recognize them
I'll never understand what happened to 'em all
It's only me here now, but I'll catch you if you fall If you could only see me now
(You'd look into my face)
You'd see me different than before
(You'd see that I'm here to stay)
Somehow I've got to make you see
(Oh, girl)
There's a place for you here with me Remember the nights we spent on the island
The days we laughed
And played in the sunshine
We roared with the lion
Yeah, yeah, yeah, yeah If you could only see me now
(You'd look into my face)
You'd see me different than before
(Take a good look over here, girl)
Somehow I've got to make you see
(Oh, girl)
There's a place for you here with me If you could only see me now (yeah)
(Come on now, and take one more look at my face)
You'd see me different than before
(Come on now, come on baby)
Somehow I've got to make you see
(Yeah, yeah)

There's a place for you here with me
If you could only see now
You'd see me different than before
