

Down to None

Machine Head

Bow down to no one
Bow down to none
Bow down to no one
Bow down to noneStraight down
Been goin'
Been sleepwalkin'
In a violent haze
This world
In ruin
The chain shackles
Like a foul diseaseBow down to no one
Bow down to none
Bow down to no one
Bow down to noneThis rage
This struggle
It is a feelin'
That's devourin'
Can't break
Can't fuckin' give in
The pain will lead us through the blisterin'Cold
Cold
Cold
Cold[Incomprehensible]Bow down to no one
Bow down to none
Bow down to no one
Bow down to noneBow down to no one
Bow down to none
Bow down to no one
Bow down to noneBow
So
So down
