

Shades of Blue

Ashton Edminster

I would love to be your stars, your moon, your sun.
I would love to be, that one.
I'd love to be the one to make you laugh.
I'd love to be the one who'd always say that I love you back.

I would always be the one who cares.
And I will try my very best to always be there.
And the stars and moon and sun would all align
And for a million years and more I'd make you mine.

'Cause all my shades of blue
Go away when I'm with you.
Put a golden frame around my heart
'Cause you make me feel like a piece of art.

I could sit and listen to you, talk.
Ignore the time and throw away the clock.
I'd love to hear each thought upon your mind.
I'd love to hang on close to every word that I could find.

'Cause all my shades of blue
Go away when I'm with you.
Put a golden frame around my heart
'Cause you make me feel like a piece of art.

You like to run free, but I'll still make my plans.
I'll change my routine if you'll hold my hand.

'Cause all my shades of blue,
Go away when I'm with you.
Put a golden frame around my heart
'Cause you make me feel like a piece of art.

'Cause all my shades of blue
Go away when I'm with you.
Put a golden frame around my heart
'Cause you make me feel like a piece of art.
