## Worship Together

I'll be there when there's nothing left  
Night and day holding you  
Harmony deep inside your soul  
Meet me there  
Can you feel me?  
Deep inside  
There's no time to deny that I'll need you  
And I'll be there to inhale your delightful day  
There's no time to deny, I will need you  
That's why I'll be there to relieve your painful day  
Hiding well where the pain is real  
Night and day growing in you  
Anger is poison in your veins  
Meet me there

Can you feel me?  
Deep inside  
There's no time to deny that I'll need you  
And I'll be there to inhale your delightful day  
There's no time to deny, I will need you  
That's why I'll be there to relieve your painful day  
Deep inside  
There's no time to deny that I'll need you  
And I'll be there to inhale your delightful day  
There's no time to deny, I will need you  
That's why I'll be there to relieve your painful day
