Cut You

Cloud Nothings

verse1
Does he hurt you like i do, Does he even hurt you too.
Is he gonna work out, is he gonna work out.
Can he be as mean as me, can he cut you in your sleep.
is he gonna work out, is he gonna work out.
i need to know, i deserve to know
i need to know, i deserve to know
verse2

Do you feel safe with him, can he give you everything?
is he gonna work out, is he gonna work out
do you wanna hurt him, do you wanna kill him
is he gonna work out, is he gonna work out
i need to know, i deserve to know
i need to know, i deserve to know
chorus
i miss you cause i like damage, i need something i can hurt
i miss you cause i like damage, i need something i can hurt
x 2
