Butterfly Man

Lisa Miskovsky

Moonlight through the windows in the hall
Rainbows in your teardrops as they fall
Constantly we move between the lines
Constant as the trouble in your eyesYou break and Im bending, I
You begin and Im ending, why?Twilight as you leave me in early fall
Raindrops on the window shades the wall
Constantly I fail to draw your smile
Constant as the silence when you cryYou break and Im bending, I
You begin and Im ending, why?
