

Piercing

Margaret Smith

Living in fear is not what you had in mind for me
But holding to you is so hard,
I cling to what I see

CHORUS(*):

In a world where my emotions
Seem to rule my every move
They will challenge my devotion
To seek and know the truth

CHORUS:

You're piercing me

This self will bleed
You're killing all of my securities
Lord, help me see the reality
That all I'll ever need is You
Here in this haze a distant light seems to draw me near
But in the shadow of my doubt
My faith just disappears

CHORUS(*)

CHORUS(3x)
