Run Away

Leighton Meester

You came round makin' me feel so sweet
You made me fall hard
You made me want you man and nothing more
You made me say "Oh my God"But lately I'm finding
We need some remindingRun away,Â home with me
Run away into our past
Run away,Â let's kick around
All we've had and lost
All we've had and lostWe can make it back to when it was a lullaby
If only we try
I'm not giving up for anyone or anything
I'll stay by your sideYeah maybe, it's changing
But baby, we'll make itRun away, home with me
Run away into our past
Run away, let's kick around
All we've had and lost
All we've had and lostLove ? Feel like
Love ?Â Take my hand let's fly
I don't know whyRun away, home with me
Run away into our past
Run away, let's kick around
All we've had and lostRun away, home with me
Run away into our past
Run away, home awayÂ with me
Run until there's nothing left
