

Firestorms

Demonoid

Early in the morning
We heard the engines roar
In the skyThunder breaks the silence
When fire fills the sky
Burning skyThe rivers begin to boil
There's no escape
We're bound to dieRed colored is our soil
The death's falling
From the skyDetonations around us
We all prepare to die
DieDead men don't tell tales
In silence we will lie
Forever lieThe rivers begin to boil
There's no escape
We're bound to dieRed colored is our soil
The death's falling
From the sky
