[Leon Russell](#)

Oh, I can't explain the reason why  
The almond lady caught my eye  
Well, I don't even know why I try  
Just call it sweet mystery Oh, and I don't even know if it's really me  
Who tried to see the girl I wanted you to be  
So I taste these tears from my eyes  
With salty sweet mystery Sad lights along the Houston highway  
Another man dead from the truckin' game  
The very first night you disillusioned my way  
Another love dies, and it's such a crying shame Oh darlin', I'm feeling the rain fallin' from the stormy skies  
When you say you love me, you got tears in your eyes  
Whoa, I guess there's no need to say goodbye  
It was such a sweet mystery
