Supernova

ELLEGARDEN

Supernova
My war is over
No resurrection
I guess I was scared of being that happy
She's a supernova I was reaching out for
I heard her footsteps fading away from me

No matter how hard I can try
I never think that I can fly
And now she has just turned her back to me
There is nothing I can do as well
But to dream her all the time
I'm a fuckup and I'm nuts so she's gone

My clumsy dancing on my tiptoe
She said she liked it and I thought she's lying
And now I know she said that not to cheer me
But now it's too late
Fading away from me

No matter how hard I can try
I never think that I can fly
And now she has just turned her back to me
There is nothing I can do as well
But to dream her all the time
I'm a fuckup and I'm nuts so she's gone

Many things I left unsaid
A Thousand miles away you're sleeping
Sometimes I can be your guy you wanted me to be
But only in my dreams

No matter how hard I can try
I never think that I can fly
And now she has just turned her back to me
There is nothing I can do as well
But to dream her all the time
I'm a fuckup and I'm nuts so she's gone
I'm a fuckup and I'm nuts so she's gone
