Let's Go Extinct

Fanfarlo

A moment of light
A flair of day
Before the door is closed again
A tiny spark lost in the dark
These tired symbols that dance aroundLet's go extinct
End of the line
I want to go
I want to goLet's get misplaced
All obsolete
I want to go
I want to go
Cause it's clear the wheels have turned
We're standing in the way of ourselves
The world will go on without us
Yeah it's clear the world will go on without us
And the dust will rearrange itself
Oh the dust will rearrange itself againWho will take our place
Be the new us
I want to know
I want to knowLet's go extinct
End of the line
I want to know
I want to know
Cause it's clear the wheels have turned
We're standing in the way of ourselves
The world will go on without us
Yeah it's clear the wheels have turned
We're standing in the way of ourselves
The world will go on without us
And the dust will rearrange itself
Oh the dust will rearrange itself
Oh the dust will rearrange itself againI want to go
I want to go
