For All The Sin

Nothingface

I can't feel this way today
And I said that I am tired
So go to sleep and close your eyesI'm sorry for all the sin, for all deception
You know it's hard to face you
When I know what you did, you're sorryStay far away from you
I'm sick and tired of you too
But there's the way that you move?
Dressed up in lies, beds in truthYou tried everything you said
But I see that you can't be
What you were beforeI'm laughing, please understand these words
You are nothing anymore
And your skin it hides your waste, your age, you're lifelessStay far away from you
I'm sick and tired of you too
There's only one way to hide it
Just paint your eyes it bides the timeBut there's the way that you move
Dressed up in lies, beds in truth
What if I find my way to it
Confinement of my mind, encased in lies, lies, lies
In liesWhy are they doing this?
They said when you got here the whole thing started
Who are you, what are you? Where did you come from?
I think you're the cause of all this, I think you're evil, evilAgain, you fucking did it again
Again, you fucking did it again
Again, you fucking did it again
Again, you fucking did it againStay far away from you
I'm sick and tired of you too
What if I find my way to it
Confinement of mind, encased in lies, lies, lies, lies
