I Wish I Cared

A-ha

To hold me closer or set me free
To trust completely or let it be
You don't know my destiny
You can't see what I can see
Hey, hey, I wish I cared
Hey, hey, I wish I cared
To love me truly or let me go
In-between I don't wanna know
This is how it has to be
No more us and no more we
Hey, hey, I wish I cared
Hey, hey, I wish I cared
Once again on the station
See your face in a crowd
Comes again the sensation

You can't hear yourself think
With their voices inside your head
Hey, hey
Hey, hey, I wish I cared
Hey, hey, I wish I cared
I wish I cared, yes, I really do
I wish I cared
Hey, hey
(I wish I cared, yes I really do)
I wish I cared
Hey, hey
(I wish I cared)
I wish I cared
Hey
