

# Beyond The Eyelids

## Riverside

We are none of us  
If I still believed in me  
I would lie  
If I had another chance I would try  
If I lost my dreams I would blame myself again  
If I were myself I would be someone else  
If I didnt want to feel  
I would stay  
If I were myself I would be someone else  
Cause I can  
See the truth in the photograph  
And with all thats mine  
I need to look back inside  
And this day  
New life raced through my mind  
So with all thats mine  
I need to look back inside
