

Yesterday's Dream (Minus One)

14k

We are the children of yesterday's dream
We are the promise of the future we bring
Waving the banners of love to all
To every nation, the rich and the poor
We are the world of the restless and young
And we need a hand to guide us
Helping each other, Build each other
As long as we're together you and me
For together we stand, divided we fall
Together we climb to the top of the world
We can be what we what for the world to see
We are the children of yesterday's dream
We have the yearning to do what is best
Be someone special from all the rest
Nation and brothers in unity
Building tomorrow for you and for me
We are the world of the restless and young
And we need a hand to guide us
Helping each other, Build each other
As long as we're together you and me
For together we stand, divided we fall
Together we climb to the top of the world
We can be what we what for the world to see
We are the children of yesterday's dream
together we stand, divided we fall
Together we climb to the top of the world
We can be what we what for the world to see
We are the children of yesterday's dream
We are the children of yesterday's dream
