No Rasta

Starfish

I said no, I may not be a rasta
but I love that reggae rythm
and the music when it will hit them

I said no, I may not be a rasta
but love is just about the vibe
about that blisseh vibes

Everyday when I wake up
feelin lazy in the morning
I open up my window
see how the sun is adorning
the world the people
and everything on this planet
I got a special feeling
makes me feel that I've made of granite

Reggae vibes
playing music outdoors
Summer times
going to the other shores
Sun is aching, bodies are shaking
waves are so good and the music is breaking

It's right on time
It's right on time

Another day
when we get ready to hit the road
Everybody's pumped
getting ready to explode
and that's why we are here
sharing feelings with the ear
We have to reach the are
do you dare to scare the bear

Every song we sing is Original
Rythm that we play is pon the dancehall
Elmar on the drums peter on the bass

thomas and me guitar and then we rub up the place

We scare the bear
We scare the bear
