All About You

Pleasure P

Lovin? when you touch me, boy I?m melting when we kissin?
Love the way you know me, how you get the way I?m feelin?
Oh no no, never gonna let you go
Cause you da one givin? lovin? new meanin?

Ooh boy, what you done to me
On my mind like you?re on repeat
Ooh boy, won?t you come to me
I need you right now, where you wanna meet?

All about, not a doubt, all about you
I?ma stick around no matter what we go through
All about, not a doubt, all about you
I?ma stick around no matter what we go through

Ya feelin? so high girl, I?ma take the blame
Ya stuck in my brain girl, ya drivin? me insane
You got me so
Oh oh oh oh oh
Oh oh oh oh oh
All I ever do is all about you

Baby say my name, say my name, you know I like it
When we play tha game, the one where I?m your wifey
Never been one to fall dem kinda things
Now everyday I?m waiting for the phone to ring

Ooh boy, what you done to me
On my mind like you?re on repeat
Ooh boy, won?t you come to me
I need you right now, where you wanna meet?

All about, not a doubt, all about you
I?ma stick around no matter what we go through
All about, not a doubt, all about you
I?ma stick around no matter what we go through

All about, not a doubt, all about you
I?ma stick around no matter what we go through
All about, not a doubt, all about you

I?ma stick around no matter what we go through

Got ya on my mind, too sweet ya too fine
I ain?t tell a lie oh baby girl ya mine
You got me so
Oh oh oh oh oh
Oh oh oh oh oh
Everything I do it?s all about you

Biggie biggie love, you da one ya know
Biggie biggie love, I?ma let it show
Biggie biggie love, I can?t let you go oh, oh oh yea

Ooh girl, what you done to me
In my mind like you?re on repeat
Ooh girl, won?t you come to me
I need you right now, where you wanna meet?

All about, not a doubt, all about you
I?ma stick around no matter what we go through
All about, not a doubt, all about you
I?ma stick around no matter what we go through

Ooh girl, what you done to me
(Oooh)
In my mind like you?re on repeat
(It?s all about you now)
Ooh girl, what you done to me
(Oooh)
In my mind like you?re on repeat
