

# Time Again

## Asia

Fate looks certain but there nothing's guaranteed  
Want for nothing, but is nothing what you need  
Always pushing though you're never satisfied  
I did believe you 'til I found out that you lied

Time and time again

Time and time again, again

What I give you I get nothing in return  
Can't forgive you watching all your bridges burn  
All day long I sat and watched you do it wrong  
Have to say that's how you did it all along

Time and time again

Time and time again, again

But others wouldn't the things that you could only see  
And then someone showed you, then why was it always me?

You knew the limit you were always out of bounds  
How could I trust you when I caught you messing 'round?

Time and time again

Time and time again, again
