

# Go Sadness

## Shout Out Louds

I'm in a golden age  
A great calendar page  
I spotted the right time  
The future is mine I got the greatest dog  
The best of them all  
I love my brother  
He's on my wall Bye bye car keys  
Hello sparkles and flies  
I keep them  
They're mine I saw the brightest light  
It was the most wonderful sight  
And I spotted the right time  
The future is mine Bye bye car keys  
Hello sparkles and flies  
I keep them  
They're mine Bye bye car keys  
Hello sparkles and flies  
I keep them  
They're mine  
The sparkles and flies  
I keep them  
They're mine
