

Keep It Quiet

Ra Ra Riot

four hours up I-95
you and me were cold
if you want a compromise I can't
hold on I know it's wrong
it's a cold life though cold water for cooling down
you know that when you stay around
old fortune for subtle leave
but maybe you're sincere sister
another trouble having satisfied
two different halves
can I give up on one?
it's a thought
I hate all I could lose
it's a cruel life I choose cold water for cooling down
you know that when you stay around old fortune for subtle leave
but maybe you're sincere keep it quite keep it quite
oh my heartbeat, keep it quite
through the doorway keep it quite
yes I'm tired keep it quite cold water for cooling down
you know that when you stay around
old fortune for subtle leave
but maybe you're sincere all my doubt
all my doubt
how can I want to stay around?
