

I Dont Want To Go Out

Nerina Pallot

Got new boots
And lipstick
Got the rest of my life
To buy things
That I don't need

Got problems, aplenty
Got hope and the job at my bedside
Got angels looking down on me

I can't strain my brain
Can't take the blame
For everything I don't know
I love the door
And at the end of the day

[Coro]
I'm tired and a just don't wanna go out
Woo-hoo
I'm tired and a just don't wanna go out
No, no
Just one more thing I can do without
Woo-hoo
I'm tired and a just don't wanna go out

Those sheeple with no books
So unique, thinking the same
Same haircuts
Same clubs
Same name

Televisions, politicians, mentalism, vagilism,
stupidism, boys - drugging the nation
We're falling for that same game

I can't strain my brain
Can't take the blame
For everything you don't know
I love the door

And at the end of the day

[Coro]

I'm tired and a just don't wanna go out

Woo-hoo

I'm tired and a just don't wanna go out

No, no

Just one more thing I can do without

Woo-hoo

I'm tired and a just don't wanna go out

It's really nothing

But I'm not coming out to play

I'm sure it's nothing

But I'm not coming out today

[Coro]

I'm tired and a just don't wanna go out

Woo-hoo

I'm tired and a just don't wanna go out

No, no

Just one more thing I can do without

Woo-hoo

I'm tired and a just don't wanna go out

No, no

I'm tired and a just don't wanna go out

Woo-hoo

I'm tired and a just don't wanna go out

No, no

Just one more thing I can do without

Woo-hoo

I'm tired and a just don't wanna go out
