## **Arclight (Album Version)**

## **VNV Nation**

Forget your fears and want no more
Forget your fears and want no moreAt first light lay proud foundations
Sense the greatness that before you unfolds
Seek no more for hollow answers

Answers that lay within you all alongFarewell to dawns seen through saddened eyes
Farewell to pasts, to sorrows chained
Forget your fears and want no more

You will be strong and want no more
You will be adored, you will have everything
You will be strong and want no more
Forget your fears, you will have everything
And want no more
