

I Am Your Child

Barry Manilow

I am your child
Wherever you go you take me too
Whatever I know, I learned from you
Whatever I do, you taught me to do
I am your child And I am your chance
Whatever will come, will come from me
Tomorrow is won by winning me
Whatever I am, you taught me to be
I am your hope, I am your chance
I am your child Whatever I am, you taught me to be
I am your hope, I am your chance
I am your child
